Dear Historical Society,

The Anthropological Studies Center (ASC) is conducting a study on Petaluma Blvd. North between East Washington and Lakeville streets in Petaluma as shown on the enclosed project location map. The proposed project is street and sidewalk improvements. The ASC has been contracted to determine if archaeological cultural resources might be affected by the proposed project.

We would appreciate being informed of any information or concerns that your organization may have in regards to historic-period archaeological sites within the project area. No historic structures or buildings will be affected by this project. If you have concerns, or questions, please do not hesitate to give me a call at (707) 664-2381. If you prefer, please write us at the address above. We look forward to hearing from you. Thank you.

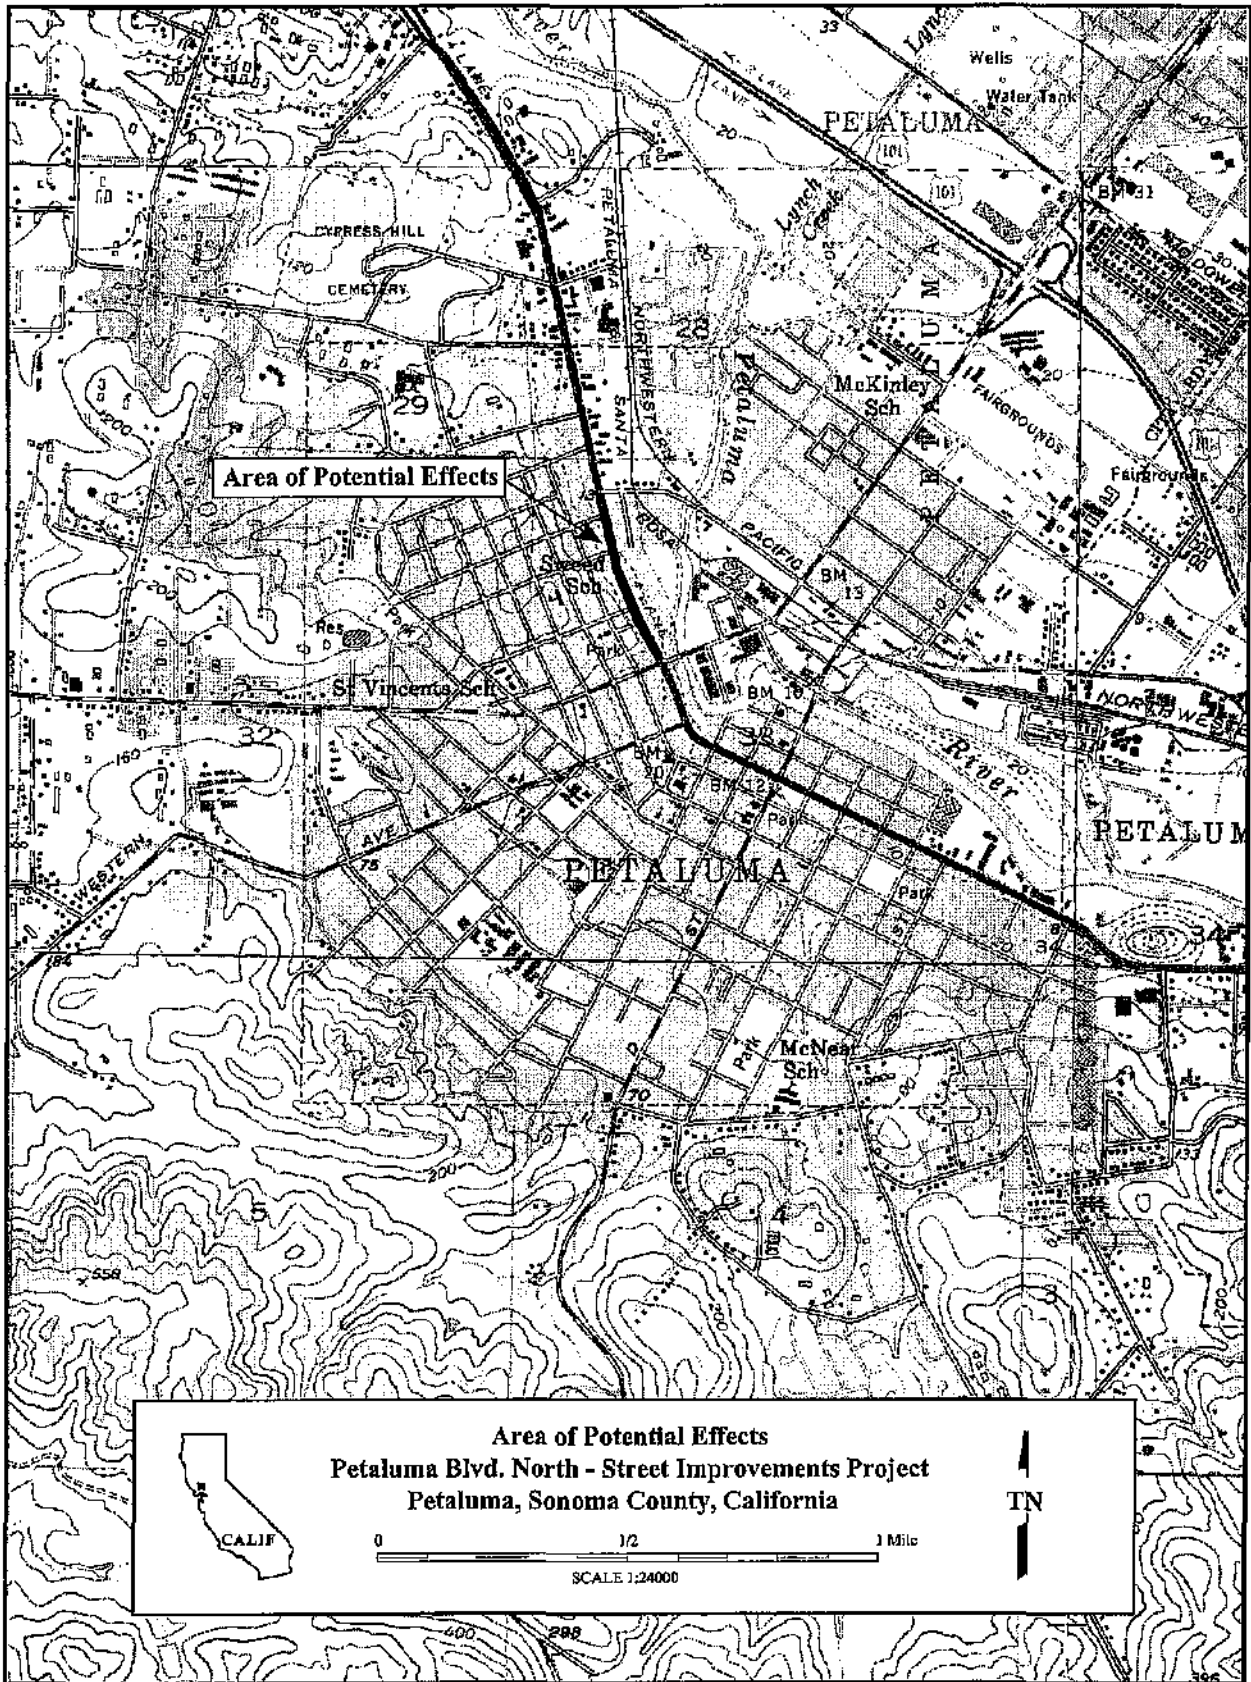

Sincerely,

Heidi Koenig
Project Coordinator
